Bavaria MEDDAC Change of Command

Physical therapist to take reins during the 12 June ceremony

HEIDELBERG, Germany – A career physical therapist will assume command of the U.S. Army Medical Department Activity – Bavaria (Bavaria MEDDAC) in a change-of-command ceremony slated for June 12 in Wuerzburg.

Col. Theresa M. Schneider, a 23-year veteran of the Army Medical Department, has served in both fixed facility and field assignments, including billets in the 2nd Infantry Division (Korea), Bosnia-Herzegovina and the U.S. Army Sergeants Major Academy, where she was the Health Promotion Coordinator and Assistant Commandant. She comes to the Bavaria MEDDAC from the Army's Office of the Surgeon General (OTSG), where she was the Assistant Chief, Army Medical Specialist Corps and the 19th Chief of the Physical Therapist Section from August 2003 to present.

She follows Col. Dallas W. Homas, who has commanded the activity since 2005. Homas is being reassigned to the Pentagon.
