US Army Health Clinic Ansbach - Phased Clinical Services Availability

- **Taking care of our Soldiers and family is our priority. Our team is standing by to answer any questions regarding services and to assist with booking your appointments. Please call the clinic at:**
 - **DSN: 314-590-3600**
 - **Cell: 06371-9464-3600**
- **We are committed to Staff and Patient Safety. Please understand service availability may shift in response to community transmission rates, host nation regulations, and Health Protection Condition Levels (HPCON).**
- **All COVID related preventive measures will remain in place through most of the phased implementation, this includes wearing masks, physical distancing, pre-entry screening and temperature checks, maximization of virtual (telephonic/video) encounters and phased increase in face to face appointments.**
- **The majority of services remain closed to SPACE A patients (except Optional Immunizations, CYS physicals in Phase II).**
- **The Phase Plan applies to all Prime Beneficiaries, regardless of clinic assignment.**
- **As the Host Nation/off-post referral network begins to resume care, please be prepared to have a COVID screening and sample tested prior to the referral appointment. The Clinic will work through this need as the requirements are better understood.**
